Re: *Notice of Ex Parte Meeting*  
GN Docket No. 18-122

Dear Ms. Dortch:

Per FCC Rule 1.1206, this letter provides notice that on March 29, 2019, Stephen Spengler, Chief Executive Officer, Intelsat; Steve Collar, President and CEO, SES; Peter Pitsch, Head of Advocacy and Government Relations, C-Band Alliance (“CBA”); and Jennifer Hindin and Gregg Elias of Wiley Rein LLP, counsel to the CBA (together, the “CBA Parties”), met with Chairman Ajit Pai and Aaron Goldberger, legal advisor to Chairman Pai.

The CBA Parties explained that the CBA is engaged in working collaboratively with industry stakeholders on the technical, operational, and logistical issues related to clearing 200 MHz of C-band spectrum within 18-36 months following a final FCC order. The CBA indicated that it plans to put additional details on the record related to its commitment to protect customers, its proposed transition plan, and its proposal for an open and competitive band plan.

The Parties also reviewed the status and timing of the C-Band proceeding. The CBA Parties emphasized that their proposal would both quickly repurpose C-band spectrum to enable rapid 5G deployment and protect incumbent operations relied upon as the backbone of content delivery in the United States.

Please contact the undersigned with any questions regarding this letter.

Respectfully submitted,

/s/ Jennifer D. Hindin
